

5 TIPS FOR SUCCESSFUL VISUAL SCHEDULES

1

USE REAL PICTURES THAT CLEARLY REFLECT THE ACTIVITY.

Use pictures of real children without distracting props or backgrounds

2

DISPLAY PICTURES FROM TOP TO BOTTOM

Children naturally move from top to bottom, but not left to right.

3

SHOW A CLEAR BEGINNING, MIDDLE AND END

Children are set up for success when they don't have to guess.

4

USE MOVEABLE MATERIAL FOR PARTICIPATION

Use velcro or similar to empower children to manage their routine.

5

INCLUDE A DONE POCKET FOR COMPLETED TASKS

Schedules only reflect the current task and those left to complete.
